SAFETY DATA SHEET

Resist Pre Treatment

SECTION 1: Product Identification

Product name : Resist Pre Treatment
Chemical family : Minimum Risk Pesticide
Common or Trade name : Green Pesticide
Manufacturer : Chem Max Corp
Address : 6479 Norton Center Drive
Norton Shores MI 49441
Phone : 800-828-7237

SECTION 2: Hazards Identification

GHS Classification :

(Health)	**(Environmental)**	**(Physical)**
Skin Irritation Category 2	Acute Aquatic Toxicity Category 3.	Serious Eye Damage Category 1

GHS label elements, including precautionary statements

Pictograms :

Signal word : Danger

Hazard statement (s)
H315 Causes skin irritation.
H318 Causes serious eye damage.
H402 Harmful to aquatic life.
Precautionary statement (s)
P264 Wash skin thoroughly after handling.
P273 Avoid release to the environment.
P280 Wear protective gloves/eye protection/face protection.
P302 + P352 IF ON SKIN: Wash with plenty of soap and water.
P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if possible. Continue rinsing.
P310 Immediately call a Poison Center or doctor/physician
P321 Specific treatment (see supplemental first aid instructions on this label).
P332 + P313 If skin irritation occurs: Get medical advise/attention.

SECTION 3 : Composition/Information on Ingredients

Name:	CAS#	Weight %
Sodium Laurel Sulfate	151 - 21 - 3	4.0 %
Sodium Chloride	7647 – 14 – 5	3.0 %
Potassium Sorbate	24634 - 61 - 5	1.0 %
Cedarwood oil	68990 - 83 - 0	0.20 %
Water	7732 - 18 - 5	80 - 90 % *
Isopropyl Myristate	110 – 27 – 0	0.1 - 10 % *
Calcium acetate monohydrate	5743 – 26 – 0	0.1 - 10 % *

* The exact percentage of weight of mixture has been withheld as a trade secret.

SECTION 4 : First Aid Measures

Eye contact : flush eyes with plenty of water for at least 15 minutes. Seek medical attention.
Skin contact : Remove contaminated clothing and wash with soap and water. Seek medical attention if irritation develops.
Inhalation : If inhaled, move to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Seek medical attention if symptoms appear.
Ingestion : Do **not** induce vomiting unless directed to do so by medical personnel. Never give anything by mouth to an unconscious person. Rinse mouth with water. Seek medical attention if symptoms appear.

SECTION 5 : Firefighting Measures

Suitable extinguishing media : Use water spray, alcohol resistant foam, dry chemical or carbon dioxide.
Hazardous combustion products : Oxides of carbon, sulfur and sodium.
Firefighting procedures : As an any fire, wear self-contained breathing apparatus in pressure-demand, MSHA /NIOSH (approved or equivalent), and full protective gear.
Unusual fire and explosion hazards : Containers can build up pressure if exposed to heat and or fire. Use water spray to keep fire exposed containers cool. Containers may explode in the heat of a fire.

SECTION 6 : Accidental Release and Disposal Measures

Spills : Provide adequate ventilation. Evacuate all nonessential personnel from the spell area. Suitable protective clothing should be worn. Shut off or plug source of spill.
Small spills : Absorb with inert media and collect into suitable container.
Large spills : Dike spill area to contain spillage. Salvage as much reusable liquid as possible into a suitable container. Mop up residual and placed in container for disposal according to local regulations.

SECTION 7 : Storage and Handling

Handling : Do not get in eyes or on skin or clothing. Do not breathe vapor or mist. Keep container closed and tightly sealed when not in use. Avoid contact with skin and eyes.

Storage : Keep container tightly sealed in a dry and well ventilated place. Containers once opened must be carefully resealed and kept upright prevent leakage.

SECTION 8 : Exposure Control/Personal Protection

Engineering controls : Use explosion proof ventilation equipment. Provide ventilation or other engineering controls to keep the airborne concentrations of vapor and mist below the applicable workplace exposure limits indicated below. The level of protection and types of controls will vary depending on potential exposure conditions.
Exposure limits : ACGIH : (not listed) OSHA : (not listed)
Personal protective equipment (PPE):
Eyes : Wear appropriate protective glasses or chemical safety goggles as directed by OSHA's eye and face protection regulations in 29 CFR 1910.133
Skin : If prolonged or repeated skin contact is likely, wear appropriate protective gloves.
Clothing : Selection of protective clothing depends on work conditions, potential exposure conditions and may include gloves boots suits and other protective items.
Respirators : Where adequate ventilation is not available, an approved respirator must be worn. Respirator selection, use and maintenance should be in accordance with the requirements of OSHA Respiratory Protection Standard 29 CFR 1920.134. In confined areas, use a self-contained breathing apparatus.

SECTION 9 : Physical and Chemical Properties

Appearance :	clear
Physical state :	liquid
Odor :	slight cedarwood
Odor threshold :	not determined
Relative density (water = 1.0) :	not determined
Solubility in water :	not determined
PH :	4.0 - 7.0
Initial boiling point/range :	not determined
Melting/freezing point :	not determined
Vapor pressure :	not determined
Vapor density (air = 1.0) :	not determined
Evaporation rate :	not determined
% Volatiles :	not determined
Partition coefficient (N–Octanol/water):	not determined
Viscosity :	not determined
Flashpoint :	not determined (Aqueous solution)
Flashpoint method :	not determined
Autoignition temperature :	not determined
Upper flame limit (volume % in air) :	not determined
Lower flame limit (volume % in air) :	not determined
Decomposition temperature :	not determined
Flammability (solid, gas) :	not determined

SECTION 10 : Stability and Reactivity

Reactivity : not normally reactive
Chemical stability : normally stable
Possibility of hazardous reactions : none known
Conditions to avoid : none known
Incompatible materials : none known.
Hazardous decomposition products : none known

SECTION 11 : Toxicological Information

Potential health hazards

Skin : Contact can cause redness and irritation. Severity depends on the amount and duration of exposure.
Eyes : Liquid contact will cause stinging and burning.
Inhalation : Excessive inhalation of high concentrations may be harmful. Mist or vapor can irritate the throat and lungs. Breathing the material cause central nervous system depression.
Ingestion : If Swallowed the material may irritate the mucous membranes of the mouth throat and esophagus. Aspiration of this material into the lungs may result in damage or death.
Acute oral toxicity : no data available.
Acute inhalation toxicity : no data available.
Acute dermal toxicity : no data available.

SECTION 12 : Ecological Information

Eco toxicity : no data available
Persistence and degradability : this product is readily biodegradable.
Bio accumulative potential : no data available
Mobility in soil : no data available
Other adverse affects : no data available

SECTION 13 : Disposal Considerations

RCRA

Is the unused product a RCRA hazardous-waste If discarded? : No

Other disposal considerations :

Dispose of in accordance with applicable federal, state and local regulations.

SECTION 14 : Transport Information

DOT : Not a regulated DOT material.
*Note: Store in a closed container. Keep upright

SECTION 15 : Regulatory Information

International inventories

TSCA :	complies
DSL/NDSL :	complies
EINECS/ELINCS :	complies
ENCS :	complies
IECSC :	complies
KECL :	complies
PICCS :	complies
AICS :	complies

Legend

TSCA - United States Toxic Substances Control Act Section 8 (b) inventory.

DSL/NDSL - Canadian Domestic Substances List/Non-Domestic Substances List.

EINECS/ELINCS - European Inventory of Existing Chemical Substances/European List of Notified Chemical Substances

ENCS - Japan Existing and New Chemical Substances.

IECSC -China Inventory of Existing Chemical Substances.

KECL - Korean Existing and Evaluated Chemical Substances.

PICCS - Philippines Inventory of Chemicals and Chemical Substances.

AICS - Australian Inventory of Chemical Substances.

US Federal Regulations

SARA 313
Section 313 title III. of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations Part 372.

Section 16 : Other Information

Issue date:

October 24, 2019

CHEM MAX CORP MAKES NO WARRANTIES EXPRESS OR IMPLIED AND ASSUMES NO LIABILITY ARISING FROM THIS INFORMATION OR ITS USE OR APPLICATION. CHEM MAX CORP SHALL NOT BE LIABLE UNDER ANY LEGAL THEORY FOR SPECIAL OR CONSEQUENTIAL DAMAGES AND SHALL NOT BE RESPONSIBLE FOR THE USE OF THIS PRODUCT IN A MANNER WHICH INFRINGES ANY PATENT OR ANY OTHER INTELLECTUAL PROPERTY RIGHTS HELD BY ANY PARTY

All sales of Chem Max Corp products are subject to its current terms and conditions of sale.
