SECTION 5 : Firefighting Measures

Suitable extinguishing media : Not combustible, however, if material is involved in a fire use: Fine water spray, normal foam, dry agent (carbon dioxide, dry chemical powder).

Firefighting procedures : As an any fire, wear self-contained breathing apparatus in pressure-demand, MSHA /NIOSH (approved or equivalent), and full protective gear. Decomposes on heating and emits toxic fumes including those of oxides of phosphorus.

SECTION 6 : Accidental Release and Disposal Measures

Personal Precautions/ PPE and emergency procedures : Individuals responding to incident should be trained. Evacuate personnel to safe areas. Wear appropriate PPE: clothing/gloves, eye and face protection.

Environmental Precautions : Construct a dike to prevent spreading of dilution water. If possible, prevent entry to sewers, storm drains, surface water and soil.
